

Al-Falah school-kikambala

Success is in Knowledge

Integrated Curriculum

AL-FALAH BOYS SCHOOL | KIKAMBALA

Learning together

The Madrasa (Ta'alim) and Qur'an memorisation (Tahfidh) programmes should be learned concurrently with the Kenyan education curriculum. Islamic and general academic studies should run alongside one another throughout the learner's education.

A. Islamic Curriculum

Madrasa Curriculum

I. Ta'lim

Ta'alim means education or teaching. Here, it refers to the structured study of Islam and Arabic through elementary, intermediate and secondary levels.

1. Ibtidai | Elementary | 6 years

Builds a foundation in Qur'an recitation, Arabic, Islamic beliefs, worship and good character.

Subjects: Tilawatul Qur'an; Lughatul Arabiyya; Tawheed; Fiqh; Hadith; Seerah; Adhkar (Akhlaq); Tajweed.

2. Mutawassit | Intermediate | 3 years

Develops the foundations further, with deeper study of Islamic subjects and the introduction of Qur'anic explanation (Tafsir).

Subjects: Lughatul Arabiyya; Tawheed; Fiqh; Hadith; Seerah; Tajweed; Tafsir al-Qur'an.

3. Thanawi | Secondary

Provides more advanced study of Arabic, Islamic teachings and the understanding of the Qur'an. The duration is not specified in the supplied outline.

Subjects: Lughatul Arabiyya; Tawheed; Fiqh; Hadith; Seerah; Tajweed; Tafsir al-Qur'an.

II. Tahfidh al-Qur'an

Memorisation of the Qur'an (Hifdh) with Tajweed, the rules of correct pronunciation and recitation. This complements the broader Islamic education provided through Ta'alim.

B. Kenyan Education Curriculum

General Academic Curriculum

COMPETENCY-BASED EDUCATION (CBE)

Pre-Primary | PP1 and PP2 | 2 years

Language Activities; Mathematical Activities; Environmental Activities; Psychomotor and Creative Activities; Religious Activities.

Junior School | Grades 7-9 | 3 years

English; Kiswahili; Mathematics; Religious Education; Social Studies; Integrated Science; Pre-Technical Studies; Agriculture and Nutrition; Creative Arts and Sports.

Senior School | Grades 10-12 | 3 years

Compulsory (core) subjects

English; Kiswahili; Core Mathematics or Essential Mathematics; Community Service Learning (CSL).

Non-examinable: Information Communication Technology (ICT); Physical Education (PE); Pastoral Program Instruction.

Science, Technology, Engineering and Mathematics (STEM) pathway

Pure Sciences	Biology; Chemistry; Physics
Applied Sciences	Agriculture; Computer Studies
Technical Studies	Metalwork; Media Technology; Marine and Fisheries

Concurrent study: Learners should undertake the Kenyan education curriculum alongside the Madrasa and Tahfidh programmes, with a coordinated timetable that supports progress in both Islamic and general academic learning.

Prepared from the school's curriculum outline dated 2 October 2026. Brief explanations of the Madrasa levels and the concurrent-study statement have been added.
